BIG DAY

In the Magic City.

Four Bands and a Balloon Ascension.

Three Ball Games In the Afternoon.

Two Boarders Arrested For Fighting.

Mayor McNamara's Fines—News From Barberton.

(Special Correspondence.)

Barberton, July 22.—Saturday was the biggest day Barberton has seen for over a year. It is estimated that 10,000 people were in town. A horse was hitched to every available post and tree and the principal streets were crowded with people from 4 o'clock in the afternoon until late at night.

At 5 o'clock Prof. Hibbard made an excellent balloon ascension and parachute jump. There was no wind, which permitted the balloon to shoot straight up about 1,000 feet. The parachute landed near the Diamond Match works.

In the evening an ice cream festival was given in Lake Anna grove. Over \$100 was realized from this alone. Besides the local band, there were bands from Johnson's Corners, Doylestown, Clinton and Wadsworth.

People swarmed into the McCormick Bros' circus and enjoyed the performances of this over-land troupe. During the afternoon there were three ball games. The Barbertons defeated the New Berlin team by a score of 5 to 4, while the Standards were victorious over the Magic City team by a score of 13 to 7. The Y. M. C. A. won from the Marines. Score 18 to 7.

Ed. Quinland and Thos. Price raised "rough house" at John Kerns' boarding house at 10 Ford ave., Sunday afternoon. Marshal Ferguson arrested them, and each was fined \$5 and costs by Mayor McNamara this morning.

John Collier and Jacob Smith were assessed \$5 and costs each for driving over sidewalks.

Members of the State Board of Public Works and Chief Engineer C. E. Perkins, conferred with the Water Works Trustees Saturday afternoon at the Inn, relative to the water supply for Barberton. When the members left they stated they would send a proposition to the trustees. It is believed that the conference will result in the village being compelled to pay more for water.

The Akron Canning Factory in New Portage has commenced operations. Peas are being canned and will be introduced on the market soon. The work this season will be on a small scale, compared with what they expect to do next season.

Chas. Tuttle, wife and son, Homer, of Mercer, Pa., spent the past week with Mr. and Mrs. W. P. Welker. Yes, returned from Howard, O., after a tained Mr. and Mrs. H. W. Tuttle of Danville.

The small pox at Johnson Corners is about all over. This morning the residence of Jonathan McGee was fumigated.

Misses Fannie Creel and Clara Berger were at Lake Chautauqua Sunday.

Geo. Davis and Clarence Young have returned from Howard, O., after a week's visit.

M. C. Franks, formerly of the Akron Shoe Co., will open an exclusive shoe store in the Lusk block on Tuscarawas ave., next Saturday.

Miss Edith Ferris visited her parents at Beaver Falls, Sunday.

The B. D. B. B. G. club will attend the Lakeside Casino on Wednesday evening.

FOR SALE—A cozy little 5-room house, slate roof, porch across front, lot 40x200, terms very reasonable. Call on or address J. H. Horner, 704 1/2 Harvard st., Akron, O. 79-81

between the people and Christian mission. The subsequent fall of the Taku forts precipitated the meeting of force with force. The Imperial government, having due regard to the importance of international intercourse, still refused to go so far as to interrupt the existing relations. We have already repeatedly issued decrees providing for the protection for the foreign legations and also commanded the provincial authorities to protect missionaries. Inasmuch as there is still no cessation

in the employment of force, foreign merchants and subjects residing in China, who form a numerous body in the country, should be protected without distinction. We hereby command all the Tatar generals, governor general and governors of provinces to look after the foreign merchants and missionaries living in the open ports, prefectures, departments and districts under their respective jurisdictions and to afford them due protection in accordance with the treaty stipulations without fail. Last month we heard with profound astonishment and regret of the killing of the chancellor of the Japanese legation, Mr. Akira, and the same fate befell the German minister shortly afterwards. The violent removal of the German minister, whose residence at the capital was necessary to the transaction of business, between the two countries, affected us very deeply. It is the duty of the authorities concerned to cause stringent orders for the speedy arrest and punishment of the murderers to be carried out.

"Since the commencement of the attack on Tien Tsin, there are foreign subjects and missionaries who have, on account of local disturbances, suffered death or loss of property, through no fault of their own. We hereby command the governor of Peking and the viceroy of Chihli to cause investigations to be made by their respective subordinates of all such claims except those arising directly from the said attack, with a view to their ultimate settlement. Moreover, local outlaws and rebellious subjects have of late given themselves up to burning, killing and plundering, to the great disquiet of our loyal subjects. This is an utter defiance of law. We hereby command the said governor general, governors and commanders of our forces to investigate the situation and to take such measures for the punishment of the offenders and restoration of order as the necessities of the case demand.

"We hereby command this, our general edict, to be made known for the information of all it may concern. Respect this."

EIGHTH IS HERE.

Regiment Arrives From Cuba—Will go to China.

New York, July 22.—(Spl.)—The United States transport Crook arrived this morning from Havana with the officers and 442 enlisted men of the Eighth United States Infantry, Lieut. Col. P. P. Mills commanding, including six companies, band and hospital corps.

The officers of the regiment with family and servants number 36 persons. There are also on board 11 cabin passengers, including Col. W. V. Richards, Adjutant General division of Cuba; Col. W. L. Huskins, 2nd United States artillery; Major E. S. Godfrey, Seventh United States cavalry; Major

A. C. Taylor, 2nd United States artillery; Lieut. H. W. Shull, 2nd artillery, and N. S. Steinbart, chief clerk headquarters division of Cuba. Among the passengers there were 25 furloughed and discharged soldiers and quarter-masters' employes and signal corps men. The Eighth infantry contingent is expected to proceed immediately after release from quarantine to a post in the west, probably Ft. Sheridan, where the regiment is recruiting to full strength for service in China.

The Crook will be detained until the five days quarantine expire, which will be about midnight. This time may be shortened somewhat because the troops were on board the transport for some time before sailing.

All are well on board and the men are in the pink of condition, all fine, sunbrowned, healthy claps.

GERMANY

Will Increase Her Fleet—Wants Her Share of China.

Berlin, July 22.—(Spl.)—The Cologne Gazette in an inspired article today says the German government will shortly again approach the Reichstag with the extensive demands for an increase of the fleet and will insist on the construction of war ships for foreign service, provision for which was struck out of the previous naval bill. It is pointed out that the present display of naval force in the far East opens a prospect of diplomatic activity such as may not be witnessed for centuries to come. The article concludes as follows:

"Germany will surely participate with all the powers at her command when the time comes for a repartition of China into so-called spheres of interest."

CONFIRMED

Is the Report of Chinese Commander's Death.

Tien Tsin, July 22.—7 p.m., via Chefoo, July 20 and Shanghai, July 22.—(Spl.)—The officers commanding the allied forces here are arranging a form of government for the city.

Men who are familiar with the Chinese say that most of the troops who defended the native city were soldiers

in the employ of the Salt commissioner, local militia and mercenaries. General Fukushima, the Japanese commander, says he recognized among the uniforms worn by the defenders those of the army of west defense and the army of central defense.

The report that General Nieh, the Chinese commander, had been killed is confirmed. He met his death on the morning that the allies for the second time captured the west arsenal.

40,000 PLENTY.

An Army of That Size Could Take Peking, Says an Engineer.

Chicago, Ill., July 22.—(Spl.)—"Knowing the Chinese as I do I have little doubt that all the foreigners in Peking were murdered long ago," said John P. Roberts, of Shanghai, an American civil engineer who has spent thirty-eight years in China.

At the Auditorium hotel he talked at length about the present conditions in China, the causes which led up to them and the probable results.

"Many of the dispatches concerning China published in the newspapers are absurd," he said, "but it is my opinion that there are no foreigners alive in Peking. The government is weak and the mob undoubtedly got the upper hand."

"There is only one way to deal with these people. They should be taken by the throat and thrashed. The powers make a mistake when they treat China as a civilized power. The Chinese are not civilized. Their kind of civilization may be much older, but they are far behind European civilization, nevertheless."

"An army of 40,000 regular troops is all that is necessary to take Peking. An army of that size could walk to Peking with little resistance. The stories in the newspapers to the effect that the Chinese have an army of 950,000 men are ridiculous. There are not more than 20,000 drilled troops in China. The rest are poorly organized and poorly armed."

Remy Will Investigate.

Washington, July 22.—(Spl.)—Rear Admiral Remy under date of yesterday, cabled the Secretary of the Navy that he was going to Tien Tsin on that day to look into matters, leaving Captain Thomas, of the Brooklyn, as senior officer at Taku.

It is expected that Admiral Remy will inquire fully into the strength of the allied forces and the Chinese forces with a view to determining more fully whether or not an immediate advance on Peking is advisable.

DEATHS.

ADKINS—Mrs. Lilly H. Adkins, aged 49 years, 11 months and 22 days, died at 8 o'clock Monday morning at her home, 111 Wooster ave. Death was due to a complication of diseases. The funeral will be held at 2 o'clock Wednesday afternoon at the house. Interment in Glendale cemetery.

KLINK—George J. Klink, aged 85 years, 4 months and 7 days, died Saturday night at his residence in Coventry township, of old age. The funeral will be held at the house at 12:30 o'clock Tuesday afternoon and at 2 o'clock at the German Lutheran church. Interment in Mt. Peace cemetery.

ROOT—Ethel L. Root, aged 11 years, 2 months and 1 day, died Saturday afternoon at the residence of her grandmother, Mrs. Emma B. Root, 105 Hazel st. Death was due to appendicitis. The funeral was held at 5 o'clock Sunday evening. The remains were taken to Albion, N. Y., Monday for burial.

She'd tied through.
There was a colored baptizing at Sandy Bottom, Billyville. The last convert to go under the water was an old colored woman, who all the while had been seated in a rickety buggy drawn by an ancient mule who had been through the civil war.

He heard her swearing at the refractory mule in vigorous terms; then, taking her in his own buggy and driving to dry land, he said:
"Sister Caline, you hez done los' all de salvation what come ter you by de fust baptism; so you must stop right heah en be baptized over ergin."
"No, suh!" was the reply. "I ain't gwine in dat water no mo'! Didn't dat ole mule baptize me de secon' time?"—Atlanta Constitution.
